

Research projects

- „Deglaciation of north-western Poland: conditions and transformation of geosystem (~20 ka → 10 ka BP)” – Polish Research Committee, No. 6 0318 91 01, 1991-1995, supervisor prof. dr hab. S. Kozarski
- „Untersuchungen der Variabilität von den skandinavischen Leitgeschieben im Oder Lobus”, Deutscher Akademischer Austauschdienst DAAD, EMA Universität Greifswald, No. A/99/06440, 1.08-30.10.1999, individual project
- „Dynamics of the last icesheet of the Pomeranian Phase as an effect of differentiation of Scandinavian glacial deposits of the Odra Lobe”, Polish Research Committee, No. 6 P04E 015 21), 1.10.2001 – 30.09.2004, individual project
- conference fund „Mensch – Klima – Landschaft. DEUQUA 2002”, 1-30. 08.2002, Freie Universität Berlin, GeoForschungsZentrum, Potsdam, individual project
- conference fund „Regional Geomorphology Conference – Mexico 2003”, 27.10 – 2.11.2003, Stefan Batory Foundation, Warsaw Scientific Society, individual project
- “Structure, evolution and dynamics of lithosphere, cryosphere and biosphere in European sector of Arctic and in Antarctic”, PBZ-KBN-108/P04/2004, supervisor prof. dr hab. A. Guterch; topic: „Reactions of abiotic polar environment on global climate change”, 4.08-22.09.2005, leaders: prof. dr hab. A. Kostrzewski, dr G. Rachlewicz
